Rationale for Proposed Boundary Changes: Langdon's attendance zone absorbs the former Marshall zone at the southeast and a portion of the former Slowe zone at the southwest. Langdon has excess capacity with a very low boundary participation rate.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Langdon EC is zoned for and has rights to attend Brookland MS and Dunbar HS. Brookland MS is slated to open in SY15-16. Until it opens, Langdon EC will remain an education campus serving middle grades. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): No programmatic feeder pattern proposed.
